

## WELCOME

Dear visitor, the Computer Science Department staff and faculty members welcome you to our facilities and hope you will enjoy your stay. Our main offices are located in the **Omega** Building, at Campus Nord of the UPC University. The timetable for free access to the building is on weekdays from 8 am to 6 pm.

On the ground floor you will find the **administration office** (room 009), the **computer support office** (room 005) and the **Research and Development Lab** (RDLAB, room 005).

Please, feel free to send your comments or feedback about this leaflet to [rdlab@cs.upc.edu](mailto:rdlab@cs.upc.edu)

## COMPUTER NETWORK RESOURCES

Every office has wall sockets in order to provide network access and Internet connection. Just plug your laptop wire and configure network settings with auto IP configuration (DHCP).

UPC Wireless access using **Eduroam**  (<http://www.eduroam.org>) is also available as guest using the *XSF-UPC* network or with your username and password using the *eduroam* network.
